

# Aliens, UFOs and The Bible

Especially since the reported Roswell UFO incident in 1947, many have wondered about flying saucers and life on other planets. Many now believe an alien flying disc, with bodies, did crash in New Mexico. While all that may be intriguing to ponder, there has correspondingly arisen *a terribly dangerous spiritual threat to souls because of UFOs!* That threat has come from alleged information being communicated from supposed alien beings regarding: God and his existence, his creation, our souls, the Lord Jesus Christ himself and the like! Those spiritual messages from supposed “aliens” are ridiculously bizarre at times and highly contradictory to the message of God’s word. That is very important to know.

The big issue is not if aliens exist or not. **The real issue is *spiritual truth*.** All of a sudden the credibility of the bible is questioned, in the minds of some, because of such *unproven* “alien” statements. Those spiritually dangerous alleged communications from ETs, which outrightly conflict with God’s written word, are *poisonous*—possibly deceiving multitudes of unwary people.

Of course, there is no official incontrovertible proof of alien life visiting our planet per se—only strange skeletal evidence from the past, various mysterious tangible objects and unexplained aerial sightings. Beyond all of that, some people lean towards alien UFOs and flying saucers because of eyewitness testimonies from credible witnesses seeing non-human entities and/or people claiming to be the victims of an alien abduction, which have led to

strange medical examinations inside space ships. Strange and surgically precise bloodless cattle mutilations (and even some human mutilations) are another indicator for some, as well as intricate crop circles. **For many, no official announcement of extraterrestrials is needed. They are convinced that intelligent alien life does exist, they have made contact with Earth, and they want to know more out of curiosity from such technologically advanced beings. That includes some bible-believing people and that is where it can become *dangerous* for some.**

**The thirst for answers over UFOs and aliens has strangely led into the *spiritual*.** One doing a casual investigation of UFOs would never think it does, but that is not the case. If one digs deeper and has knowledge of scripture, it becomes apparent that the written word of God—the bible—is being flatly opposed by the alien extraterrestrial beings, assuming: (1) aliens really exist in the first place and (2) the

communications which are presented as coming from ETs are *accurately* their messages. **Hence, those wild and lethal attacks on the biblical message are based on mere unproven assumptions from unverified sources! Even if the source of those statements would somehow be verified, which seems next to impossible—such aliens would then be *lying* or are *simply wrong* about the spiritual.**

**If aliens do exist, just because they may be more advanced than we are, doesn’t mean they don’t make mistakes themselves. The same believers in alien life and crashed UFOs with dead alien**

bodies believe they apparently do make *fatal mistakes* since their spaceships have crashed and they have died, thereby proving they are also *very fallible and mortal*. They do make **DEADLY** mistakes!

We live in a world of wide-spread *religious deception* of all types. (See <https://www.evangelicaloutreach.org/religious-deception.htm> for more important information.) That's because the devil is not in the lake of fire yet, but is now *aggressively* trying to devour us spiritually (1 Pet. 5:8). **He does that with sinful temptations and a whole host of different kinds of religious deceptions, which come in assorted forms and through various sources.** For example, to mislead, the devil can and does produce religious *anti-scriptural* visions, dreams, astounding miracles, etc. The devil also has some very sincere and articulate religious people spreading his *toxic* messages!

The only way anyone can detect his lies from God's vital truth is to examine the message associated with the event under consideration with the bible—that is, the vision, miracle, etc.—or in this case the so-called “ET” spiritual communication. The devil doesn't care how he misleads you into hell. It makes no difference to him if it is through Hinduism, Islam, Catholicism, Mormonism, atheism, etc. or even a *supposed message from aliens from another planet!*

Remember, *any* spiritual message that contradicts God's word is not true and must be rejected for your own good. God's word is 100% truth, error-free, forever settled and given for our correction and guidance (Mt. 22:29; Jn. 10:35b; 17:17; 2 Tim. 3:16,17; etc.)—even to setting the humble repentant free from his sin addictions upon repentance and a submissive faith in Christ Jesus (Acts 20:21; Rom. 6:22; John 8:34-36; Eph. 5:24a; etc.). The biblical message works! That is the all-important message people need to know, protect and act upon. God is alive; he created our planet, the universe and us, and he is to be trusted in and is our protector—not aliens. Jesus of Nazareth did shed his blood and die on the cross for our sins so we could have *eternal life* through a submissive faith in him, doing God's will (Gal. 3: 26; Lk. 8:21 cf. 1 John 5:12). To know, believe and act upon spiritual

truth is essential for our **SOUL**—our most valuable possession (Mk. 8:36,37).

Some dismiss anything related to aliens as being *demons*, since demons try to *deceive*, but to flippantly do that is to overlook the vastness of the infinite universe, related empirical unrecognized humanoid skeleton evidence, etc. **The bible states in Rev. 10:6 that God created the heavens and *everything in them*, which is all-inclusive and leaves the door open for possible alien life. Eve became the *mother of all living* (Gen. 3:20) showing she is the mother of humanity here on this planet and has no bearing at all on what God has done on other planets in the vast *heavens*, if anything. See <https://evangelicaloutreach.org/aliens-and-religion.htm>**

Some have concluded that ALL UFOs, crop circles, alien abductions, EBEs, etc. are *demons and only demons*. That leaves no room for the real possibility that intelligent alien life could exist, but either be wrong or just be lying about spiritual issues. **Either way, the alien gospel is NOT factual and must be resisted by Christians.**

Finally, people who are obsessed with the topic of flying saucers, aliens and life on other planets are *off on a tangent*, missing the big picture—*eternity*. Why? Because once physical death overtakes us, if aliens exist or not, will have no relevance or importance at all. **ONLY heart purity** through faith in Jesus

Christ will have any significance, and that alone will be the all-important issue—determining our entrance into *Paradise* with God or into a place of *fiery torment* with the devil and his children (Mt. 7:13,14; 25:41,46; 1 Cor. 6:9,10; Eph. 5:5-7; Rev. 20:10; 21:1-8; etc.). Dear reader, for your soul's sake, don't deviate from the biblical message over anything. If you do, you are risking your **SOUL**. Seek the Lord and his truth as found in the bible, not contradictory messages from any source, including so-called *aliens*, which oppose the most basic to vital truths of God's word.
